

KORE AADHARSH

+91 7981204428 | aadharshkore007@gmail.com | [Linkedin](#) | [Github](#)

Enthusiastic and adaptable technology professional with hands-on experience in AI/ML, data analysis, and web development. Skilled in building AI-powered applications using Generative AI APIs, data-driven solutions, and modern web technologies and models to solve real-world problems. Passionate about combining data-driven insights with innovative design to create impactful digital solutions.

EDUCATION QUALIFICATIONS

Anurag University (2022-2026)

B.Tech in Information Technology

CGPA: 8.93/10

Narayana Junior College (2019-2021)

Intermediate (Class 12) | MPC

Marks : 978/1000

ZP High School (2019)

SSC (Class 10)

GPA: 9.3 /10

PROJECTS

Live Class AI Assistant (Dec 2025)

- Developed a Generative AI-powered assistant delivering real-time speech-to-text, smart summaries, and contextual Q&A. Integrated GPT APIs and Assembly AI for NLP and transcription. Designed event-driven microservices architecture for scalable processing. Improved learning efficiency through automated summarization and AI-driven insights.

Sustainable Fertilizer Usage Optimizer (Mar 2025)

- Created an ML-powered fertilizer recommendation system integrating weather APIs and a Django backend. Improved agricultural decision-making efficiency by automating fertilizer suggestions.

Empowerment Hub – Financial Services to the Poor (Jun 2024)

- Built a Django-based web app providing vocational training and financial literacy tools. Applied design thinking to improve accessibility and inclusiveness for underserved communities.

TECHNICAL SKILLS

- Programming Languages:** C, Java, Python (Numpy, Pandas, Seaborn, Matplotlib, Plotly)
- Web Development:** HTML, CSS, JS, React
- Concepts:** Data Structures & Algorithms, OOP
- Databases:** SQL, MongoDB
- Tools:** Git, Linux Command Line
- Frameworks:** Spring Boot, Node Js
- Data Analytics :** Power BI, MS Excel

ADDITIONAL

Certifications & Training:

- Programming Essentials in Python CISCO
- Java NPTEL Certification
- Introduction to MongoDB for Students

Achievements:

HACK ATTACK HACKATHON RUNNER UP

Languages: English, Telugu, and Hindi.
